Lean Protein

Beef, chicken, lamb and pork are big on taste and low in calories. They're packed with essential vitamins, minerals and satisfying protein for building muscle while boosting your metabolism to help you lose fat. When you lean on protein, you'll feel good about the great-tasting, healthy and satisfying dishes you share with your family and friends.

Beef: B-12, zinc, selenium, iron

Chicken: amino acids for building healthy muscle tissue

Pork: Thiamine, selenium, niacin, vitamin B-6 and phosphorus

Lamb: Iron, magnesium, selenium, niacin, vitamin B-6 and phosphorus

High Quality High Standards

We are proud to offer a great selection of the finest quality beef that are destined to become the main attraction at your next cookout.

USDA Choice: Aged for tenderness, marbled for flavor, hand-trimmed in store.

USDA Prime: Top 2% of all beef, highest level of marbling, available in select stores.

Open Nature®: 100% grass fed Angus, no antibiotics ever, no added hormones.

O Organics®: No GMOs or added growth hormones, free range, grass fed, no antibiotics ever.

Building the Perfect Burger

THE TOP 3 TOPPINGS

Lettuce, tomato & onions have consistently been the all-time favorite, go-to toppings. This classic trio has been making burger hits with their perfect harmony of cool crunch, tangy zest and sweet flavor.

80% LEAN BEEF

Use no less than 20% fat to unlock the savory flavors in a choice cut of ground beef. Portion into generous 1/4-pound patties, and keep them cold in the fridge until you're ready to grill. Salt if you must.

MUSTARD

Unlike sugar-laden ketchup that can mask flavors, mustard adds a little zing to the mix and brings out the subtle flavor profiles in your grilled masterpiece.

THE BUN

Not every bun can contain the magnitude of magnificence that burger excellence requires. To ensure that your bun is up to the task, choose a buttery brioche or a potato bun.

AMERICAN CHEESE

When it comes to building the perfect burger, fancy cheese just won't cut it. American cheese melts to perfection without falling apart on the grill.

COOKING METHODS:

Direct Heat

Grilling meat directly above flames or coals (steaks, burgers, sausages, seafood)

Indirect Heat

Grilling technique in which the food is placed to the side of the heat source (whole chicken, ribs, turkey)

	Favorite Cuts	Why We Love Them	Time to Cook
BEEF	Bone-In Ribeye Steak	Rich, juicy and full-flavored with generous marbling throughout	· 1-inch thick · 10-12 minutes over direct heat (high) · Simply season with salt and pepper; utilize grilling tongs to gently turn and flip your steak when grilling · Or try a reverse sear on any of these steaks · 20-30 minutes over indirect heat (medium) · Then move to direct heat (high) for 3-4 minutes per side.
	Porterhouse or T-Bone Steak	Tender, full of flavor and often big enough for two to share	
	Filet Mignon Tenderloin Steak	Leanest, tenderest steak available with a fine buttery texture and amazing flavor	
	Top Sirloin Steak	Moderately lean, both flavorful and versatile for family gatherings	
	New York Strip Steak	Restaurant favorite - tender, lean & flavorful	3/4 to 1" thick; 8-10 minutes over direct heat (high); move to indirect heat for another 6-8 minutes to allow for fall off the bone tenderness 1 - 1 1/2 inch thick: 14-16 minutes over direct heat (medium); Key step - let this one rest for 10 minutes after grilling for sealed in juiciness 10-12 minutes over direct heat (medium); move to indirect heat for another 5 minutes to allow marinade to seal the outside 9-13 minutes over direct heat (medium) for 1/4 lb to 1/3 lb burger patties; utilize a spatula to gently turn and flip your burger when grilling
	Thin Cut Bone-In Short Ribs	Very flavorful, with a rich meaty texture; great with a marinade	
	Top Round London Broil	Thick cut and versatile, sear on the outside to seal in the delicious flavor	
	Flank Steak	Typically marinated, with lots of intense flavor - cut into slices across the grain	
PORK	Ground Beef	A grilling favorite available in a variety of lean to fat ratios	3/4-inch thick 9-12 minutes over direct heat (high); Simply season with salt and pepper; utilize grilling tongs to gently turn and flip your pork chop when grilling 3/4-inch thick 8-10 minutes over direct heat (high); utilize grilling tongs to gently turn and flip your pork chop when grilling 8-10 minutes over direct heat (medium); move to indirect heat for another 3-4 minutes to allow for juicy tenderness 18-20 minutes over direct heat (medium) to seal in the juiciness and flavor; move to indirect heat for another 12-14 minutes to desired doneness 1 3/4 - 2 1/2 hours over indirect heat (medium); Set your timer for half way through; then remove ribs, lather with favorite sauce, wrap in aluminum foil, and place back on the grill - if the meat sticks, don't try to flip the piece; it will unstick itself then it is ready to flip
	Bone-In Pork Chop	Very lean with a mild flavor; also known as the T-Bone of pork	
	Boneless Pork Loin Chop	Very popular, it is versatile, lean and tender	
	Pork Tenderloin	Grilled whole, locking in the juicy flavor; then sliced to desired thickness	
	Country Style Ribs	The meatiest variety of ribs, tender and juicy flavor; great with your favorite bbq sauce	
	Spare Ribs	Best grilled as a whole slab on indirect heat then finished on flames to sear in the flavors	
CHICKEN	Loin (Baby) Back Ribs	Slow cook on indirect heat then finish on direct heat for fall off the bone deliciousness	10-12 minutes over direct heat (medium); Simply season with salt and pepper; utilize grilling tongs to gently turn and flip your chicken pieces. Tip - Allow a little extra time on the grill - if the meat sticks, don't try to flip the piece; it will unstick itself then it is ready to flip 16-20 minutes over direct heat (medium); Simply season with salt and pepper; utilize grilling tongs to gently turn and flip your chicken when grilling
	Boneless Breast	Versatile white meat with an extremely low-fat content but packed with flavor	
	Tenderloin or Strips	Low-fat, white meat that is quick, easy and tender; perfect seared for fajitas	
LAMB	Thighs or Drumsticks	Dark meat that is extremely tender and packed with juicy flavor	16-18 minutes over direct heat (medium); then finish on indirect heat for 8-10 minutes to seal in the juices Grilled whole for 10-12 minutes over direct heat (medium); then another 4-5 minutes over indirect heat; Or grill 1" Lollipop Chops for 5-6 minutes
	Boneless Leg of Lamb (Butterflied)	Flavorful and meaty, it's split down the middle for even doneness when grilling	
	Lamb Rib Rack	Grill whole; or cut between the rib bones for delicious grilled lamb lollipop chops	

For food safety, cook meat thoroughly to the following minimum internal temperatures depending on type of meat: Beef/Pork/Lamb: 145°F Chicken/Turkey: 165°F Ground Beef/Bison: 160°F

Don't Make It, Master It

Tips for perfection

PREPARATION

- Find the right cut. Use the chart on the left to help guide your selection. Or, ask one of our expert Hometown Butchers.
- Bring your meat to room temperature before grilling. Leave out approximately 30 min.
- Heat the grill for at least 20 minutes, keeping the lid closed.
- Clean & oil the cooking grate before you begin.

GRILLING

- Let your grill reach the right temperature for your selected cut of meat.
- Keep the lid closed during grilling to maintain the temperature and the proper cooking time.
- Use meat tongs to turn and flip your steaks. Never use a fork.
- Don't turn the meat too much (especially steaks), unless your recipe calls for it.
- Allow a little extra time on the grill if the meat sticks; it will unstick itself.
- Use a thermometer to ensure proper temperature of your meat; most cuts will continue to cook after they're removed from the grill.

FINISHING

- Let the meat rest before cutting it; this allows all of the juices to be reabsorbed.
- Clean the grill while it's hot to cut down on prep time before your next grilling project.
